INTERMEDIATE SRI CHAITHANYA JUNIOR COLLEGE CGPA:8.19	2018-2020
SSC KESHAVA REDDY PUBLIC SCHOOL CGPA:9.7	2017-2018

SKILLS

Front-end technologies: HTML and CSS

Technical Skills: Core Java, SQL, React JS and Node JS

Programming Principles: OOPs Concepts

AREA OF EXPERTISE

- React.js & responsive UI development
- REST API integration & state management
- Node.js & Backend Development
- SQL Server Database Handling
- Git-based version control & debugging

INTER PERSONAL SKILLS

- Good oral communication skills
- Can work for a long period.
- Multi-tasking ability
- Strong leadership and motivational abilities.
- Ability to carry on responsibility well.

INTERNSHIP

Full Stack Web Development Intern — KodNest Technologies | Bangalore | Aug 2024 – Mar 2025

- Completed full-stack training in Java, SQL, HTML, CSS, JavaScript, React.js (Basics), and Spring Boot with hands-on project experience.
- Built responsive UIs, developed backend features, and performed testing/debugging to improve application performance.
- Worked on real-time projects, improving team work, problem-solving, communication, and overall full-stack understanding.

PROJECTS

Pirnav Software Solutions – Associate Software Engineer | May 2025 – Till date

Project 1: Employee Management System (EMS)

- Developed an Employee Management System to manage employee records efficiently.
- Implemented CRUD operations for employee data management.
- Designed responsive and user-friendly UI pages for admin and employee modules.
- Integrated backend APIs for handling employee details and database operations.
- Managed employee information such as attendance, roles, and department details.
- Used React.js for frontend development and Node.js with SQL Server for backend and database management.

Project 2: Pirnav Website Development Project

- Developed and maintained the PIRNAV website with responsive and modern UI design.
- Implemented dynamic service pages and reusable front-end components.
- Improved mobile responsiveness and optimized cross-device compatibility.
- Worked on admin panel UI enhancements and navigation improvements.
- Collaborated with testers and team members to fix UI issues and improve user experience.
- Optimized website performance, layout structure, and overall usability.
- Used Bootstrap, React.js, JavaScript, HTML, and CSS for front-end development.

Project 3: AI Content Generator System

- Built and optimized a React-based front-end application using Hooks, reusable components, and React Router.
- Implemented responsive, cross-browser UI with modern CSS (Flexbox/Grid) ensuring consistent UX.
- Integrated REST APIs for dynamic content, authentication, and real-time state updates.
- Enhanced user experience and performance with UI optimizations, validations, loaders, and copy-to-clipboard features.
- Debugged and resolved UI, API, and state management issues, improving stability and reliability.

CERTIFICATIONS

- Workshop on 3D-Game Design using Unity Software Conducted by APSSDC
- Certification on Front End Developer by APSSHE
- Certification on Java Full Stack Developer

DECLARATION

I hereby declare that all the forgoing information is correct and complete to the best of my knowledge, and nothing has been concealed.
